

WABUSH

Memo

To: Industrial/Commercial Use Buildings

Date: November 20, 2017

Re: Construction Permits

Are you considering renovations, alterations, extensions or a new building in 2018? If so, the Town of Wabush is advising any businesses that wish to seek Service NL approval and Town approvals to submit all plans during the "off season" (January – April) to prevent delays of construction commencing in 2018. Application packages are available at the Town Office.

Any questions please contact the Town Hall and speak to our Director of Planning & Land Use.

Sincerely,

TOWN OF WABUSH
